PRESCRAL TO THE EVENING WORLD. 1 SHEEPSHEAD BAY HACE TRACK, June 19 .-

The fine programme at She-pshead Bay to-day proved a load-style-like attraction that a large crowd of people could not resist, despite the miscribile weather. Six events, sill of them well filled, promised some excellent races, but the interest in several of them was detracted somewhat by scratching.

The track was very heavy despite Supt. Clark's effort to keep it well drained and free from water. The heavy showers of early morning converted it into paste, and little pools of water stood all over the track. The weather, though still bad, was not as disagreeable as that of yesterday. The wind died away, and it did not blow the rain into died away, and it did not blow the rain into the grand stand, therefore every one was decidedly more comfortable.

The first race on the card did not hold forth much promise, for everyone regarded it as a foregone conclusion for Kingston, still there were a few daring individuals with money in plenty who thought that perhaps the heavy going and the mud would stop the great son of Spendthrift, and they bet on others, and chiefly that speedy filly Nelly Bly.

She was second choice, though 10 to 1 could

be had against her. Volunteer II. had a good following at 12 to 1, and Klitz Van, Stride-away and Leveller all had strong backing.

There was nothing in it but Kingston, however. He took the lead turning into the stretch and staying there won in a canter. Nelle Bly beat Kitty Van quite handliy for the place. the place.

The second race found Lester a red-hot

The second race found Lester a red-not favorite at a sharp price, and from the way the money came in on him it was evident that the talent thought well of him. Lorimer was well thought of by a shrewd division who noted his good performance the other day, and he was second choice.

noted his good performance the other day, and he was second choice. He ran away for a short distance in his pre-liminary, and as soon as this noised about in the ring the odds receded a trifle. Charade was third choice and outside of these three none of the others were functed save Hapenny, who was backed quite a little. The rice resulted in a pretty finish. Bergen, as usual, traited with liamenny, and coming through it he streach collared Lester just in the last jump and won by a nose. Charade was third.

The announcement of the Big Fellow's inentions has created a commotion in sporting circles, and there is very little doubt in the minds of admirers of the fistle art that the two great fighters will be brought together. Wakely and Johnston are ready to put up he money at once, and bind the challenge, B and it remeins for Slavin and his buckers, Charley Mitchell and Pony Moore, to say whether the arrangements shall be completed before the party return to England.

Second Race—Seven-eighths of a mile.—Patrick won, with Relice Skelter second and Leia May third. Time—1.35.

"1cs, I'm ready to post a forfelt of \$500 or 1,000 at once."

Fony Moore and Mitchell were in Slavin's company at the time, and the former pulled of a big wad of bank notes and wanted to bit up the money on the spot.

Mitchell, however, took the proposition more coolly, and declared in a contemptuous one that Sullivan was only a buffer and wanted to make the mistol in order to advertise himself on his Australian starring tour. himself on his Australian starring tour, hich he starts from San Francisco next

as terms that might be named, if Sullivan
ould locage his time to Australia. That is

any terms that might be named. If Sullivan a would lorego his trip to Australia. That is the way matters stood early this morning.

Sullivan is under contract to go to Australia and cannot break his engagement. He will return in three months and can then go into training for the ught.

Slavin can go back to England with his pricends, and he has already promised to return to this country three months from how, so that there is believed to be no obstacle in the way of arranging a meeting.

If the light comes off the stakes will be the heaviest that hare ever been put up in a pugilistic encounter.

As stated exclusively in vesterday's EVENING WORLD, a purse of \$25,000 has been softered by the Magic City Athlette Club, of Omalan, as an inducement to get a finish fight between Sullivan and Slavin, and a bond of \$10,000 has been filed in a bank as a guaran-

e of good faith.

Other clubs, notably the Puritan and the differnia Athletic Club, are ready to put up g money to secure the match, and in any cut the prize is bound to be a fat and juley one.
Sullivan insists that if he fights slavin the conditions of the match shall call for ten rounds. Marquis of Queensberry rules, \$10,000 a side in stakes, the winner to take all the money and the match to be fought before the ablette dub which offers the largest purse.

According to Jim Wakely, Sullivan has been ready to arrange a match with Slavin for some time past, and told Wakely as much when the latter was with him in California a few weeks ago.
